

Thank you to all of those patients that attended their appointments at the Rowhedge Surgery and University of Essex Medical Practice during the month of August 2026. Unfortunately there were a total of **1445** minutes of appointments unattended by non cancelling of appointments.

Phlebotomy and Physiotherapist slots were the worst for non-attendance. If these services aren't attended we may lose the funding which may result in patients being directed to the hospital for appointments / treatment. Please bear this in mind when you don't attend your appointment.

Please cancel your appointment if you are unable to attend.
